| Temperature Setting | 100-140° F Range |

- Real Capacity - Get the most hot showers from the only water heater that holds a true 30 gallons of water (Compared to 30 gallon electric steel tank water heaters per DOE rated gallon capacity)
- Built-in WiFi - Easily adjust temperatures, set vacation mode schedules and receive notifications with Built-in WiFi powered by SmartHQ
- Leading Performance - Live comfortably with this best in class unit that delivers 60 gallons of hot water in the first hour (Measured through DOE First Hour Rating)
- Quick Recovery - Two 5500W heating elements quickly increase water temperature for hot water when you need it
- Household Size - Provide hot water for the whole family of 1 to 3 persons
- Anode Sensing - Notifies you when your anode rod needs replacing to help extend the life of your tank
- Stainless Steel Heating Elements - Ultra-durable stainless-steel heating elements resist rust and corrosion
- Inlet Tube - Replenishes water from the bottom of the tank to maximize hot water delivery
- Brass Drain Valve - Rust-proof construction can be counted on to provide long-lasting service
- Easy Set Up - Replace your old water heater quickly and easily using standard water and electrical connections
- Digital Display - Make easy, accurate adjustments at the touch of a button

GE® Smart 30 Gallon Short Electric Water Heater Model# GE30S12BLM

APPROXIMATE DIMENSIONS(HxDxW)

- 41 7/8 H x 22 W

CAPACITY

- Unit Capacity - 30 Gallons

APPEARANCE

- Color Appearance - Gray

WEIGHTS & DIMENSIONS

- Product Height (to top of water inlet/outlet connections) (in) - 41 7/8in
- Approximate Shipping Weight (lb) - 111lb
- Overall Width (in) - 22in
- Overall Height (in) - 41 7/8in
- Product Height (to top of unit) (in) - 40 3/8in
- Net Weight (lb) - 101lb
- Product Diameter (in) - 22in
- Connection Sizes - Water Inlet (MNPT) (null) - 3/4"
- Connection Sizes - Hot Water Outlet (MNPT) (null) - 3/4"

POWER / RATINGS

- Integrated Energy Factor - 0.92
- Heating - Electric - Heater Watts - 5500/5500
- Electrical Connection - Direct-Wire
- Operating Water Pressure - 20-125 PSI
- Volts/Hertz - 240V; 60Hz
- First Hour Rate (FHR) - 60 Gallons
- Voltage (MAX) - 240V
- Electrical Circuit Required - Dedicated 30 Amp Min.

WARRANTY

- Warranty Notes - See written warranty for full details
- Parts Warranty - 12-year limited
- Labor Warranty - 1-year limited

CERTIFICATIONS

- Claims & Certifications - California Prop 65
